- ✓ Achieves good Return on Advertising Spent (ROAS)

Turn Connections into Customers

Apply the V-MORE Customer Acquisition Solution to your existing business, and grow your traffic with two simple steps:

- 1) Set up a promotional campaign on the platform.
- 2) Get a shareable link to spread the word!

Unique View vs Impressions

A unique view is only registered if the user watches the promotion to completion, and keys in a unique one-time code that appears at the end to claim a reward. As long as the code is not entered, it will only count as an impression. V-MORE Customer Acquisition Solution ONLY rewards unique views, ensuring that your promotions have the greatest possible impact for the lowest cost.

The 'Viral' Factor

We don't care about Cost Per Clicks. And no, your promotion will not be taken down even if there are no rewards left. Instead, they will remain on the V-MORE platform for the full 30 days, where anyone can chance upon it. This means that your competitors can't click your promotions to eat into your budget. So feel free to spread the word and make your promo go viral. It doesn't cost you extra.
